

Corporate Partner Program Bear Hug Care Package™ Frequently Asked Questions

If my organization partners with tryingnottodie.LIVE to provide Bear Hug Care Packages to those who request them, are we responsible for fulfilling the requests?

No. All requests come to our office and we send them out. Your organization's support will be acknowledged in the package.

How will my organization be recognized for our partnership?

You will be recognized on our [Partner page](#) on our website, and other communications including emails and social media. A small card will also be inserted into each package sent.

Is there an opportunity to support more than 25 Bear Hug Care Packages?

Of course! We can accommodate any size requests.

If I wish to support a large quantity (100+), could I have our organization's logo printed on the back side of Warrior's T-shirt?

At this time, we are unable to offer that option. However, we are researching this.

Tell me more about Warrior, the stuffed bear. What is the bear made of and where is it made?

Standing 6" tall, Warrior is made of polyester fibers and can be surface washed and air dried. The bear is made in China.

How does someone request a Bear Hug Care Package?

Orders are securely taken via our website or email. They can request for themselves or for someone they care about.

Are there other opportunities to partner with tryingnottodie.LIVE?

Yes! Contact us via [email](#) and we'll be happy to discuss.
